From (Name) M.R.Ry, Rao Bahadur M. Gopalaswami Mdr., Avl., B.A., B.L.,

(Designation) Chairman, Municipal Council,

To The Secretary to the Government of Madras,

Local Self Government Department.

Madras.

Sir,

In continuation of this office letter No. 1285 Dt 26-8-23 I have the honour to forward herewith a copy of the Council's resolution page 2. No. 30 dated 27-8-23 in which they have approved of the removal of the Municipal High School to the Town Hall Buildings temporarily and have fixed a rent of RS:100/- per mensem during the period of its occupation by the Municipality for school purposes. They have also resolved that as the Town Hall Building was not suitable for a High School Building and the accommodation therein is insufficient they request the Government to start the New High School Building immediately.

I request that the Government will be pleased to approve of

approve of the rent of RS:100/- fixed by the Council for the occupation of the Town Hall Building for holding the Municipal High School temporarily.

I have the honour to be,

Sir,

Your most obedient servant,

Vice-Chairman.

EXTRACT FROM PROCEEDINGS OF THE MUNICIPAL COUNCIL, BELLARY.

at the meeting held on 27-8-23 @ 5-30 P.M. *192* .

Read:-

30. Petition dated 27-8-23 from Mr. K. Venkata Rao, Proprietor & Trustee of the Town Hall, Bellary stating that he consented to place the High School in the Town Hall building on condition of paying a monthly rent of RS:100/-. Council to approve of the same.

Resolution:-

The Council approves of the shifting of the High School to the Town Hall as a temporary measure till the necessary repairs are effected in Mr. Narasimhulu's building and the building is made safe for its reoccupation. The Council sanctions a monthly rent of RS:100/- for the Town Hall.

2. As the Town Hall is not suitable for a High School building and the accommodation is insufficient and as it is the only building available for its location for the time being, the Council requests the Government to start of the building of a High School immediately.

(Carried unanimously)

Sc No. 86.

Station Bellary, *Dated the* May 1924.

From (Name) M.R.Ry, N. Narayana Rao Garu, B.A., B.L., F.M.U.,
(Designation) Chairman, Municipal Council.

To The Secretary to the Government of Madras,
Local Self Government Department.
Madras.

Sir,

I have the honour to inform you that it is not correct to say that the proprietor offered to forego the rent of the Town Hall during the period of its occupation by the High School. He only undertook not to claim any rent for the building so long as the school remained in it, provided the Municipal Council built at its own cost sheds necessary for the holding of the classes. (vide para 11 of Mr. Venkata Rao's letter copy herein enclosed).

2. While the school was in the Town Hall, there were many complaints from teachers and students about the insufficiency of accommodation, about the bad acoustic properties of the Hall, about want of proper protection against sun and rain. and about want of facilities for the Headmaster

for

for supervision, and a reference was made by me to the Headmaster (copy herein enclosed) with a request that a meeting of all the teachers may be held and that the opinion of the teachers may be obtained on all points noted in my reference to them. The Head Master obtained the opinions of the teachers and sent his reply to me (copy enclosed). This reply of the Headmaster clearly discloses that the Town Hall was quite unfit for the use of a High School.

This was also the view held by the Council when it ratified the removal of the School to the Town Hall by my predecessor in office Mr. M. Gopalaswami Modaliar, for the resolution runs thus. " As the Town Hall is not suitable for a High School building and the accommodation is insufficient and as it is the only building available for its location for the time being, the Council requests the Government to start the building of a High School immediately (copy of the resolution enclosed).

4. Before the Council met for the consideration of the question of shifting the school from Town Hall, Mr. Venkata Rao, the Proprietor, sent a copy of the letter addressed to you and to the Collector (already referred to) and the same had been referred by me to the Headmaster for his remarks. The Headmaster has said that "in the present state of arrangements it is not possible to continue in the present building".(copy of his reply enclosed)

5. Further the soundness of Town Hall is a matter of great doubt. To a naked eye the cracks in the arches and other portions are visible and any day it may come down. The Sub Divisional Officer has said "at present there is no danger" (copy enclosed) and the said danger may come down at any moment. Further the Proprietor of Town Hall undertook to forego the rent if the Municipality built sheds at its own cost. To build at least 3 sheds - the minimum that may be required-would cost 6 X 700 - RS:5600 - and the Municipality has already spent about RS:6000 or 7000 in building sheds on the buildings of Mr. Narasimhulu and the Municipality was not in a position to lay out a further sum of RS:6000/- on sheds and to give upthose which it had already owned.

6. From all points of view, it was considered that it was not wise to accept the conditions of Mr.Venkata Raoand that in the interests of the education of the boys and of the well being of both boys and teachers the removal of the school from the Town Hall was

the

the only beneficent/ measure which the Council could adopt under the circumstances.

7. The Council has released realised its responsibilities in the matter and has exercised its discretion in the best manner possible.

I have the honour to be,

Sir,

Your most obedient servant,

Narayana Rao

Chairman, M.C.

17

Copy of para 11 of the letter dated 16-12-23 from Mr. K. Venkata Rao, Proprietor, Town Hall, Bellary to the ~~Chairman~~, Government through the Collector of Bellary:-

11. With the object of complying with the suggestions of the Director of public Instruction for putting up additional sheds or pucca class rooms, as further annexe to my Town Hall, I have not drawn the rent of my Town Hall which is sanctioned by the Council on 2/-8-1923 at the rate of RS:100/- per month and I do not wish to receive hereafter also any personal benefit from the rental of my public Town Hall. With the object of utilising the Town Hall for useful public purposes, I have not only allowed the ground floor of Main Town Hall to be used for classes, but allowed the 2nd floor (which is "Ramachandra Free Library Hall,) to be used for the school library, —— Reading Room and Teacher's Retiring Room.

If the Municipal Council builds the sheds at its own cost I shall undertake not to claim any rent for the building so long as the school is held in my Town Hall.

(True copy)

Narayana Rao
Chairman, M.C.
85

Copy of this office letter No. S.C.R. 1255 dated 15-11-23 to the Headmaster, Municipal High School, Bellary:-

I have the honour to request you to kindly firnish me with information on the following points:-

1) How many sections there in the school?

2) How many have been located in the building proper? Where have the others have been located?

3. Are there any sheds put up? If so how many? What is their area and how sections have been located in shed or sheds?

4) How are the accoustic properties of the building?

5) Is it possible and convenient for you to exercise supervision over the working of your subordinates?

6) Have the sheds been provided with any covering as proof against sun and rain?

Further I request you to convene a meeting of all the teachers and ascertain from them their opinion regarding the continuing of the school in the present building, as I have received complaints from many quarters that teachers get exhausted very soon and that it is a serious strain on their physical vigour.

Narayana Rao
Chairman, M.C.
23 85 22

Copy of the letter No. 889 dated 20-11-2? from the Headmaster, Municipal High School, Bellary to the Chairman, Municipal Council, Bellary:-

I have the honour to submit herewith my answers to the queries raised by you in your letter No. G.C.R. 1255 dated 15-11-2? seriatim:-

1) There in all 24 sections, inclusive of the Commercial class, the three Vernacular classes, and the Physics and Chemistry Theory class.

2) Eight classes have been located in the Town Hall proper. These are the VI Form A, VI Form B, IV Form A, IV Form B, V class B, the iii class, the Commercial class and the Physics and Chemistry Theory classes. The two laboratories, Physical and Chemical, are also located in the Town Hall.

3) No sheds have been put up specially for the purpose of the school; but a shed erected in connection with the Bellary Industrial Exhibition is being utilised for the purpose of holding some of the classes. The area of this shed is 25 Yds by 11 Yds. Seven sections have been located in this shed.

4) The acoustic properties of the Town Hall proper, in the present arrangement, are , I am sorry to submit, far from being conducive to calm and quiet teaching work being done. Both the masters and the pupils find themselves at a great disadvantage, particularly in the Hall. Though the masters shout out at their loudest, they cannot make themselves audible to the pupils who are seated in the hind benches of the classes. The volume of the total hum produced when all the classes all at work is really sickening and acts as a heavy strain upon the lung power of the masters, so much so that they do feel quite exhausted at the end of a period. I may submit, in this connection, that it is also the opinion of the masters whose lot it has been to work in the Town Hall that the disadvantages may perhaps be averted, if substantial brick walls are put upshutting off one class from another.

5) Situated as the classes are at long distances from where I take my seat, I find that the work of supervision is attended with serious inconveniences. The difficulty of locomotion militates much against efficient supervision being effected. I can only

supervise

supervise the work of the teachers working in the Town Hall with some degree of satisfaction. As regards the masters working in other places, I have mostly to leave themto their own good will and sense of responsibility.

6) The shed referred to in my answer No. 3 has not as yet been provided with proper roofing, so as to provide protection against sun and rain. The masters and pupils that work in the shed complain that the heat during the day is severe and hard to bear. At present, the roof, particularly towards the northern side consists of a single bamboo matting, affording very poor protection against sun and rain. The Proprietor some time ago promised to provide the shed with substantial roofing but he has not been so far pleased to do so.

I may bring to your notice in this connection, that some classes are held in the shed, some in the out-house behind the Town Hall, some in the Kitchen portion of the Ediga Hostel and one, in one of the rooms of the hostel itself. The teachers working in the shed, the out-house and the kitchen hall all complain of the noise and disturbance in consequence of the close proximity of classes owing to inadequacy of accommodation and state that unless some pucca additions and alterations are made, satisfactory work cannot be expected to be done. As regards the shed, I must add, that we cannot depend on it for a long time as it is constructed of flimsy bamboo materials which can neither stand the operations of time and weather nor the test of the experiments which mischievously inclined boys perform with theirpocket knives. The shed is already showing signs of decay. Nor can we safely rely upon the Hostel and the kitchen hall for accommodation, as these buildings belong neither to the Municipality nor to the proprietor of the Town Hall.

The sum total of the opinions of the masters of the school seems to me to be that unless some substantial arrangements are made in all the places where classes are held, arrangements which will make it possible for the teachers to work calmly and quietly and without much strain upon their physical energies, it is not desirable to continue in the present premises.

I may add, in the end, that the answers above given are all representative of the opinions expressed by the various masters at a meeting held in the school on Saturday the 17th instant. In accordance with the suggestion made by you in the last para of the letter above referred to.

Narayana Rao
Chairman M.C. &c.

A. P. B.—1000 1-24.

Narayana Rao

Chairman, M.C.

I have inspected the old Municipal High School buildings and find that they are not safe for occupation. The ~~old~~ roofs require extensive repair, it is badly ventilated and very defective of light. -

I have also inspected the Town Hall and find that it is safe for occupation with the exception of the front verandah where the joists are badly sagged. The ~~old~~ crack complained of is apparently due to settling of foundation and the same has happened some years ago, at present there is no danger.
